SCHOOL UNIFORM

AIMS

To promote equality amongst all students.

To further develop a sense of pride in, and identification within our school.

To provide durable clothing that is cost effective and practical for our school environment.

To maintain and enhance the positive image of the school community.

RATIONALE

The development and monitoring of the student Dress Code is the responsibility of the School Council, in consultation with the school community. In 2020, the school reviewed and developed a dress code that we believe provides a range of choices for students and is cost effective for families. This policy will be reviewed as part of the school's four year review cycle and all policy updates and requirements will be made available to staff, families and visitors.

A uniform dress code reinforces in students a pride in their own appearance, instils recognition of themselves as an integral part of the school community, and assists in developing pride in representing their school.

Issues of equality, health and safety and expense are also factors that contribute to the establishment of the Uniform Policy.
